

All proceeds from this event will help build **Cranberry House**, a permanent Historical Museum and Cultural Center on Great Cranberry Island, Maine.

Financed by grants, private donations, and local fund raising efforts, Cranberry House is a multi-year project of the Great Cranberry Island Historical Society.

In 2004, we bought a historically-significant 1920s-era building and moved it onto a new foundation on a donated 2-acre site.

In 2005 and beyond, we will refurbish the building to house an island museum on the ground floor. Upstairs, a large multi-purpose room will host theatrical and musical performances, movies, crafts classes, and workshops. Outside, the front café deck will double as an outdoor stage for special events.
