

# Combined Cemeteries

## Great Cranberry Island, Maine

The following table lists, in alphabetical order by family name, many but **not all** persons known to be buried on Great Cranberry Island. It includes the following cemeteries up to the dates indicated:

Bunker Cemetery (Aug 1997)

Harding Cemetery (Aug 1999)

Preble Cemetery (Aug 1994)

Spurling Cemetery (Aug 1999)

**(The Stanley, Fish Point, and Spurling Shore Cemeteries are not included as they have not been recorded yet.)**

The entries are in alphabetical order by family name, so you can find a particular name easily by eye. Click the grave coordinate -- immediately to the left of the name -- to see the inscription.

Please be aware that a person may be mentioned on more than one inscription. They may have their own stone, as well as being mentioned on another stone as "son of ..." or "father of ..." for example. However, the table has only one link to an inscription. **It may not be the only reference.** So study the inscriptions carefully for multiple references.

Stones with "dau. of ..." are especially useful as they reveal a woman's maiden name. Where possible, I've listed women under both their maiden and married names.

Family members were often buried close to each other. Note but **don't** click on the grave coordinate immediately to the left of the name. Then click on the cemetery name, "Bunker" for example, to go to the grave site diagram, and click on nearby stones to see their inscriptions
